09.30-13.30	Transport Biofuels and REDII: which perspectives for 2020-2030?	
Organized by: Consorzio di ricerca RE-CORD/ ART Fuels Forum, Kyoto Club, CIB, FREE, ETA Florence		

Following the recent definition of the REDII by the Triologue, the European Commission will still have to complete other legislative actions (EC Delegated Acts), while Member States will have to incorporate the REDII in their National Legislations, facing the existing gaps and enabling the Member State Obligations foreseen in REDII. The Workshop will discuss these matters, bringing to the attention of National Institutions the most relevant and still open issues, focusing on the Sustainable Aviation Fuel sector.

Chairmen

Alessandro Carettoni, Ministero dell'Ambiente e della Tutela del Territorio e del Mare
David Chiaramonti, Consorzio RE-CORD, University of Florence

Programme

09:30-10:20 – Setting the Scene: REDII and projects in Italy (Alessandro Carettoni, Chair)

9:30-9:40 Alessandro Carettoni (Min.Ambiente) – Introduction: transports and the climate challenge

9:40-9:50 Donato Rotundo – Confagricoltura

9:50-10:20 David Chiaramonti (RE-CORD, University of Florence and ART Fuels Forum) – The EU Alternative and Renewable Transport Fuel Forum and REDII. Focus on Aviation Biofuels: the BIO4A project.

10:20-11:00 – Italian Initiatives

10:20-10:30 - MATT (Alessandro Carettoni): The Min.for Environment initiatives on Aviation Biofuels

10:30-10:40 - ENAC (Giovanni Barraco): The ENAC project on Algae for Aviation

10:40-10:50 - Sunchem (Sergio Tommasini): The FIBISA project and the Solaris - "energy tobacco"

10:50-11:00 - ENEA (Giacobbe Braccio) – R&D on Advanced Biofuels

11:00-13:15 – Panel – moderated by David Chiaramonti

Panelists:

MATT (Alessandro Carettoni)

MISE (Giovanni Perrella)

ENAC (Giovanni Barraco)

ENI (Giacomo Rispoli)

CIB (Piero Gattoni)

ENAMA (Roberto Murano)

Legambiente (Beppe Croce)

Unione Petrolifera (Franco Del Manso)

Q&A and Conclusions - 13:15 - 13:30
