

**ARC: an organization for interregional cooperation,
EU representation, knowledge exchange & a
legitimate partner for European projects**

Sergi Alegre Calero | Airport Regions Council
Director General

Airport Regions Council

Who are we?

30 member regions

Regions with hubs: Frankfurt, Paris,
Barcelona, Vienna,....

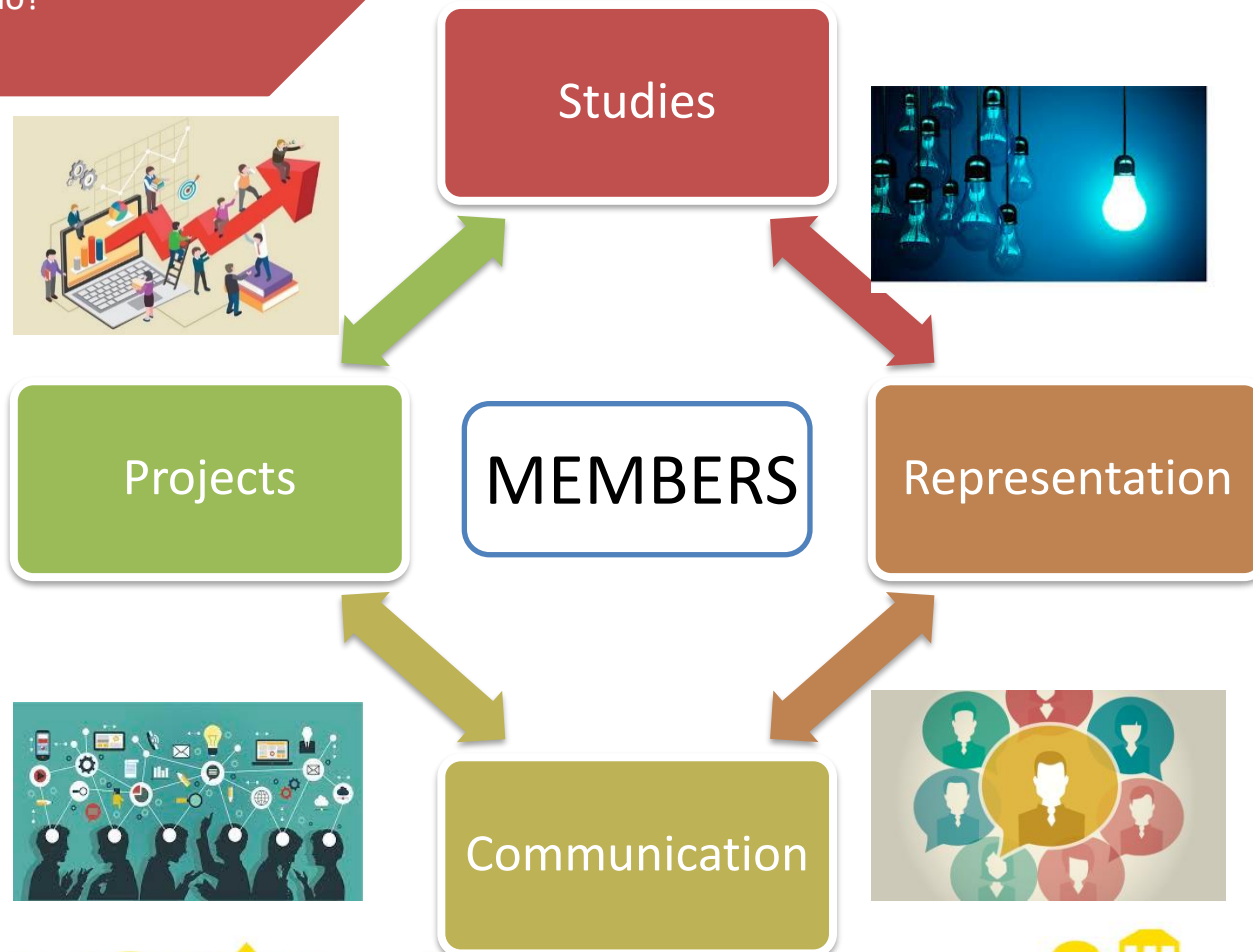

Regions with middle airports: Prague,
Dublin, Gotheborg,....

Regions with small airports: Eilat, Iasi,
Rotterdam,...

Airport Regions Council

What do we do?

✓ AIRPORT REGIONS AND NEW AVIATION FUELS

1. All regions can be producers
2. All airports sooner or later will have to provide 4 types of energy: kerosene, saf, electricity, hydrogen
3. It's not just aviation moving green is ALL transport modes

Airport regions and the new situation:

- ✓ . An opportunity to become producers: energy independence, low prices, economic opportunities, jobs
- ✓ . They should look to their airports in their territory: for knowing the needs of the airlines and the airport itself.

- 
- ✓ They should look the airports as a perfect areas for production and distribution: space and great surface acces
 - ✓ .They should look the production of new green energies as a catalyst tool to, potentially, atract new fligths
 - ✓ . Cases of North Norway and Lleida

THANK YOU

ARC 25th Anniversary logo
Nou-France

The poster features a low-angle, upward-looking view of several modern skyscrapers against a bright blue sky with scattered white clouds. A small airplane is seen flying in the distance between the buildings. The text is overlaid on the right side of the image in white and blue boxes. At the bottom, there is a white box containing logos for the Institut d'Aménagement et d'Urbanisme (IAU), the Metropolitan Area of Barcelona (AMB), the Atlanta Regional Commission (ARC), the Airport Regions Council (ARC) 25th anniversary logo, and the Nou-France logo.
